Granat induction cooktop

MADE IN GERMANY

Product information

The compact cooktop is equipped with all the features to give you an exclusive cooking experience and is especially well suited for small kitchens. The powerful induction guarantees you cooking pleasure at the highest level. In the typical stylish benthaus design.

High-End Design

The jewel of every kitchen. The minimalist design fits into any kitchen design and upgrades your kitchen stylishly.

Every cooktop with booster

The boost function increases the power of the selected cooktop for a short time and allows you to reach the maximum temperature faster.

Intuitive control

The clear white of the touch control and the automatic pot recognition show you at any time which cooking zone you are currently using.

Bridge function and temperature zones

With the help of the bridge function, 2 fields can be coupled. This means that even larger roasters can be easily accommodated. Defined temperature levels allow you to grill vegetables, meat and fish at the optimum temperature.

Product data

Design:

Flush & surface mounting possible
